

My Real Estate Plan

A planning tool to take to your lender, CPA, and attorney. RHDP17 is a design firm - not financial or legal advice.

My vision (why I am doing this):

My 3-5 year goal:

properties / rental doors

Property #1 (what I own now):

Address

Est. value

Current equity

The value-add we are designing:

☐ ADU ☐ Addition ☐ Remodel ☐ Other
Estimated project cost

Forced appreciation target:

Spend \$ - estimated new value \$

(Confirm with an appraiser - this is your target, not a guarantee.)

Rental plan:

Expected monthly rent

Tenant type

Financing approach (with my lender):

☐ HELOC ☐ Cash-out refi ☐ Renovation ☐ DSCR ☐ Construction

DSCR = a loan that qualifies on the property's rental income, not your paycheck. Your lender confirms what fits.

Entity (with my CPA / attorney):

☐ Personal name ☐ LLC ☐ Other

An LLC is a legal/tax decision - it does not automatically make qualifying easier. Talk to a CPA/attorney.

Timeline (target):

Design

Permit

Build

Refinance / rent

Exit / next move:

☐ Refinance & repeat (BRRRR) ☐ Sell & trade up ☐ Hold & rent
